PLEASE TELL US HOW YOU FEEL . . .

The purpose of this public comment period is to provide the residents of Preston with detailed information regarding the wastewater system. We hope that you have had the opportunity to learn more about the existing wastewater system condition and seek answers to your questions or concerns. We would like to hear your comments and questions. Please write them in below and either give this to the City Clerk, City Engineer, a City Council member, or send your comments or questions to the following:
